RE: Ann Gotlib Sighting

The attached magazine photograph from Mirabella Magazine was sent by Mrs. [REDACTED] Simpsonville, Kentucky 40067.

Close analysis of the pictured woman's facial structure reveals significant differences from the facial structure of Ann Gotlib.

On October 3, 1989, Special Agent Maury Berthon advised he had a similar lead on another model in another magazine. The model appeared to be the same. His investigation indicates the model's name is [REDACTED], last name unknown. He has sent the lead to the FBI's New York office for follow-up investigation.
