RE: GOTLIB INFORMATION

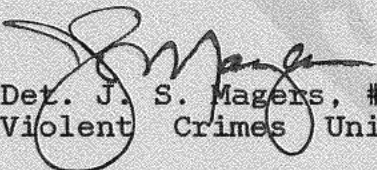

Information was received from [REDACTED] (# [REDACTED]) with the County Works Department concerning a well adjacent to the Ford Auto Credit Union, 3611 Newburg Road. He wanted to know if we wanted to inspect the well before it was filled in. Plans were in effect to fill the well and he wanted to make sure we had inspected it in regards to the Gotlib case.

No information was in the file regarding the well so plans were made to inspect it. These plans were cancelled due to rainy weather.

I called Mr. [REDACTED] on March 5, 1990 and he indicated the well had already been filled in, but prior to the work on inspection revealed no evidence of a body.

Investigation continuing.

Respectfully submitted,

Det. J. S. Magers, #6409
